JOB SPECIFICS

AS FRONTEND DEVELOPER

DESIGN AND INNOVATION

Engaged proactively in design **workshops**, created **user-flows** and later also precise and detailed **prototypes** and **high-fidelity wireframes** that provided clear guidance for frontend developers in implementing the desired features.

STAKEHOLDER COLLABORATION

Fostered close collaboration with stakeholders to gather comprehensive requirements, ensuring their vision and objectives were met.

FRONTEND DEVELOPMENT

Implemented client-side features using technologies such as **React**, **SCSS**, **Tailwind**, **JSX**, **Material-UI** and **Redux toolkit**, resulting in powerful and visually stunning applications.

QUALITY ASSURANCE AND TESTING

Ensured the delivery of high-quality systems through comprehensive unit testing using the **React Testing Library**, and end-to-end testing using **Cypress**, identified and resolved bugs and vulnerabilities in client code, ensuring the robustness and security of the software.

AS DIGITAL CONTENT RESEARCHER

VISUAL CONTENT CURATION

Conducted targeted searches for images, graphics, and footages according to specific client requirements, ensuring the selection of visually compelling and relevant content.

CONTENT ASSESSMENT AND ENHANCEMENT

Assessed content gaps and collected data on areas requiring additional material, contributing to a comprehensive and well-rounded collection.

AS ACCOUNT MANAGER

PARTNERSHIP DEVELOPMENT

Fostered strategic alliances with prominent partners including ALDI and Hungarian Mail, establishing strong and mutually beneficial relationships.

COMMUNICATION AND STAKEHOLDER ENGAGEMENT

Composed informative memos ensuring efficient dissemination of updates.

PRESENTATION AND MARKETING

Delivered refined presentations to showcase products, effectively highlighting their unique features and advantages compared to competitors.

MEETING COORDINATION AND FACILITATION

Coordinated and facilitated meetings
